COURT ADMIN-CIVIL-ARB DESK

MINUTE ENTRY

The Court notes that although on March 5, 2018, Plaintiffs certified that the award they seek subjects this case to compulsory arbitration, Defendant filed a controverting certificate on March 30, 2018. However, Defendant's Certificate give the court no basis to disagree with Plaintiff's appraisal of this case.

The Court finds that this matter is subject to compulsory arbitration and refers this matter to the ARB desk for the appointment of an arbitrator.
